Hello, Loudoun

Effective yesterday, Loudoun County expanded COVID-19 vaccination opportunities to include all residents who are 16 years of age and older and encourages them to pre-register for a COVID-19 vaccine if they have not already done so. Please note that anyone under 18 receiving the vaccine must be accompanied by a parent or guardian at their vaccination appointment or they will be turned away.

How to Pre-Register

Anyone 16 years of age and older who lives or works in Virginia can pre-register for a COVID-19 vaccine in one of two ways:

- Online: Visit vaccinate.virginia.gov to submit a pre-registration form. The fastest method for receiving a vaccination appointment is to include a unique e-mail address in separate pre-registration forms for each individual who will receive a vaccine.
- Phone: Individuals who do not have access to the internet can pre-register by calling 1-877-829-4682.

Already Pre-Registered, But Have Not Heard from the County?

The Health Department encourages anyone who has already pre-registered for a vaccine and is in the Phase 1a, 1b or 1c priority groups, but has not yet been contacted by the County for a vaccination appointment, to take two actions:

- First, check your spam or junk e-mail folder for an e-mail from the CDC (Centers for Disease Control and Prevention), which is used to pre-register, to ensure the invitation for an appointment was not sent there.
- Second, if you have not received an e-mail, contact the County by calling 703-737-8300, Monday through Friday, between the hours of 9:00 am and 5:00 pm.

In addition to receiving a vaccine from the County, residents can also look for available vaccination appointments at pharmacies and other locations in the region by visiting vaccinefinder.org. These entities do not coordinate their registrations with the Health Department.

**COVID-19
Vaccinations
Expanded to
Phase 2**

**INCLUDES ALL RESIDENTS
AGE 16+**

loudoun.gov/COVID19vaccine

The graphic features a teal background with white and dark blue text. On the right side, there are several glass vials with white labels that read 'CORONAVIRUS COVID-19 VACCINE'. The Loudoun County logo is in the bottom left corner, and the website URL is in the bottom right corner.

On April 6th, I received my COVID-19 vaccine. There is a lot of misinformation about the vaccinations. I would not take the vaccine, nor would I encourage family members, to include my husband and sons to take the vaccine, if I had not conducted my own independent research. After researching, I decided taking the vaccine was right for me.

I want to thank our community partners who are helping to get the vaccine to hard to reach communities. Among other organizations, the Loudoun New Virginia Majority, ADAMS Center, Loudoun's Divine Nine and the Loudoun NAACP have been very helpful.

Sincerely,

Phyllis Randall
